## Product Overview

### Uterus Combo Cleanser

Green Healing Nation Promotes Personalized Alternative Treatments for People who do not react well to Pharmaceutical Medications and would like to avoid Surgical procedures and wants to remove cancer, Kidney stones and gallstones from the body naturally using Electrical Plants.

Climate change and Living in a post Covid World allows us to appreciate natural and organically grown Foods and medicine for Restoration and Prevention of Viruses and food shortages.

## Sun Dried Medicinal Plants

The Process of oxidation when it comes to drying plants and herbs for medicinal uses and automatic flavors in Herbal Teas is %100 natural. The sun dries the plants naturally and gives the electric energy that will then be consumed by the consumer!a

The difference between coffee and fever grass tea is that coffee takes away 14mhz in energy and frequency measurement while Fever Grass tea gives you 15 mhz in energy! So which do you rather now that you know?

## Educational Services for Institutions

Since 2018 , Green Healing Nation travels countrywide annually, hosting Educational presentations under our The Social Herbal Education Community Program! High Schools and call centers as well as Private business set appointments with us to conduct Educational Presentations! The engagement is overwhelming with a wealth of knowledge of Herbal remedies transmitted from participants to presenters and vice versa! We Believe that knowledge is power and we aim to rebrand Belize in the Health and Tourism Sector as not only the Jewel but the Green Healing Culture of the Caribbean!

Reach out to us for free consultation for your Health Diagnosis! Our motto is confidentiality and our Products are affordable.
